

Frequently Asked Questions Junior Reserve Officer Training Corps. (JROTC)

Effective in the 2019-20 school year, **Leadership in Government** will become a new program of study for the *Government and Public Administration* cluster. This new program of study allows students who complete at least three levels of JROTC to become **CTE concentrators**. Students who complete only two levels of JROTC in addition to U.S. Government and Civics also meet the requirements for concentrator status. Capstone courses for this program of study include JROTC IV or Success Skills in Service Learning. See the chart below for details.
